**STAKEHOLDERS FEEDBACK ANALYSIS REPORT
FOR THE ACADEMIC YEAR 2023-24****Objective of Feedback:**

To encourage students to perform to their greatest potential for academic performance, the institute strives to provide the best learning environment and experience.

Stakeholders, such as students, teachers, and employers, are crucial to the assessment, development, and improvement of this learning process's quality.

Every academic year, the institution solicits input on the curriculum and syllabi from all stakeholders, including students, teachers, employers, and alumni, in order to assess how well its service policies may be improved and adjusted to meet the needs of stakeholders.

Alumni Feedback on Curriculum:

The purpose of the Alumni Feedback on Curriculum survey is to gather formative student comments that may be applied to improving course design, delivery, and student learning experiences. Over 62 Alumni students from a variety of streams provided the college with comments throughout the 2023–2024 academic year. The information is examined, and their recommendations are taken into account for potential inclusion in the curriculum.

In the 2023–2024 academic year, the college gathered feedback from about 62 Alumni students from various streams. The information is examined, and their recommendations are taken into account for potential inclusion in the curriculum.

ACTION TAKEN ON FEEDBACK REPORT FOR THE ACADEMIC YEAR – 2023-24

ALUMNI FEEDBACK ON CURRICULUM

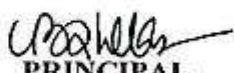

As part of its affiliation with JNTU Hyderabad, SDIP's academic programme was created by the university's Board of Studies. Before creating the curriculum blueprint, the Board of Studies solicits feedback and suggestions from the connected institutions by holding meetings with their respective principals.

Yet, the institution gets input on the creation of the curriculum from a range of stakeholders. In the institution, the input is compiled and examined during college academic sessions. According to the need for input, institutions plan:

- It has been decided to continue personality development programmes and an interview skills programme for the 2024–25 academic year
- Additional practical sessions are incorporated to help students comprehend the material better.
- The introduction of ICT enabled the use of smart classrooms, video conferencing, and other tools.
- To provide Add-on courses in the college and certificate courses.
- Learning Management System through interactive exercises that allow for instructor and student involvement was encouraged.

In order to improve the ability of students to think creatively, the principal communicates suggestions and remarks about the curriculum to the University through amending meetings in the University. This ensures that the curriculum is perfect to suit the students rather than just being a collection of information.
