## *From Chairman's Desk .....*

Sree Dattha institutions is one of the leading educational groups in Telangana. We believe that creating an academic foundation for social, cultural, scientific, economic and technological development in our Nation can mature into Global Interface by giving way to education exchange in the International territory as well. We aim at establishing bench marks in academic excellence and holistic grooming to help our students to meet the career challenges in the increasingly globalised economic conditions. Thus, Sree Dattha Institutions has earned goodwill by our students and society at large.

SDI is committed to foster in its students, the pursuits of individual excellence and participate in full range of academic, spiritual, cultural, social and physical activities, and to make them evolve as all-rounder. College education is the foundation for all future possibilities in the life of a student. Also, quality education is a passport to its steep rise in life and creates practical avenues to attain financial gains. It provides golden opportunities to lead a life of dignity & prosperity. To achieve this goal, several add on courses, trainings in placement, personality development, communication skills, and other soft skills are provided by expert members from eminent industry and academia.

Our Colleges inculcates the development in all facets of life. Our team of dedicated and highly qualified faculty strives to widen the students' horizon of learning, thereby helping every student to taste success with high grades. In a span of almost two decades in its existence, SDI has bagged several awards and accolades from industry and academia and has been maintaining remarkably high percentage of pass every year. I am much pleased to inform that our Colleges has received National level accreditations from NBA and NAAC in terms of Teaching learning, infrastructure, research and consultancy, curricular and cocurricular activities, institutional governance and faculty. We take special care that our ideas are not merely discussed but executed. SDI is also a venue of national, international collaborations and centre of excellences.

The placement scenario is also quite commendable as several premier companies visit our campus for recruitment. We acknowledge the students, parents, teaching and non- teaching staff and society in general as our stake holders for their continuous support in taking this institution to greater heights. We never compromise on any part of our quality and our policy of providing technical education in international standards.

I am extremely pleased to welcome you all to being a part of this SDI family. I pray to the Almighty to bless you with a great future.

**Sri. G. Panduranga Reddy**  
CHAIRMAN B.Sc., LLB

## *From Vice-Chairman's Desk .....*

"We cannot always build the future for our youth, but we can build our youth for the future." - Franklin D. Roosevelt

These words by Franklin D. Roosevelt perfectly describe our aim at Sree Dattha Institutions. Beyond providing a sound education, we wish to provide our students a holistic learning experience for life. Our aim is to teach students to LEARN – UNLEARN & RELEARN, not just STUDY. Hence, we strive to travel beyond the boundaries of mere books. We have realized that the future is abstract and unknown but the youth in our hands are real and can be moulded.

Dear students, "You are the nation-builders. You are the movers of technology. You are the agents of change." It is our fervent hope that the years that you spend in Sree Dattha Institutions would enable you to equip with leadership and managerial skills i.e. amalgamated with ethics and moral values. The knowledge that you will gain, the fine qualities that you will imbibe and the technical skills that you will learn to apply will be your major contribution to your parents, Industry, research, to society, and to the nation.

We invest our trust on you. You are our safe source and we bank all our efforts on you. We create not the future instead we craft you for the future. There are strong challenges to great efforts but, always remember, great effort bears the sweet fruit of success. We want you to taste the fruit of success once and for the rest of your life, you will never rest.

"You don't have to be great to start, but you have to start to be great."

Best wishes.

**DIRECTOR - SDI**

"There are two educations, One that teaches how to make a living and the other how to live." - Anthony de Mello

These words by Anthony de Mello perfectly describe our aim at Sree Dattha Institutions. We do not simply teach you how to make a living instead; we prepare you how to live. In other words, we mould you as job providers and not as just job seekers. Our extra curriculum programs combined with academic syllabus makes sure that what we profess is achieved during your stay with us.

There is a maxim which clearly depicts our ardent desire about the future of students admitted in our college. It reads like this:

"Give a man a fish; you feed him for a day. Teach a man how to fish; you feed him for a lifetime."

As it is cited above, we prefer not to toil for the momentary pleasure rather we strive hard for permanent treasure. We do not feed the students with mere facts and knowledge instead; we motivate our students to be the source of knowledge themselves. It has been possible by team of our staff who mould themselves first, before they mould the students. They demonstrate what they teach and they live what they profess. In other words, our staffs are living examples and best role models who inspire the students.

We achieve what we boldly say by partnering with our students. Yes, students are our partners in our mission to make them entrepreneurs. Our main job is not to get them jobs instead; facilitate them to provide jobs.
